

One-to-One Online Sessions

I'm glad to announce that I'm going to begin one-to-one online sessions about **wildlife** and **landscape photography** lessons, and **post-productions processes** as well. The online lesson will be in **English**, or in **Italian** for my Italian friends, using Skype, so you'd have to have a [Skype](#) account. Lessons will fit your needs, and basically are for beginners because I know that at beginning there are many doubts, mostly on how to use the camera in the right way, or to understand some basic concepts as, for example, the exposition or the shutter speed.

Regarding the post-production I'm using **Adobe** products: **Lightroom** and **Photoshop**, so I can only discuss of those software.

So if you are interested to have personal lessons, sitting comfortably at your home, choose one of the following opportunities and send me an [email](#) writing in the object:

One-to-One Online lesson

and in the body of the [email](#) you need to write which option you've chosen, your Skype account and your preferred timetable. I'll reply you as soon as possible telling you how to pay (Paypal) and for arranging a meeting according to your personal preferences.

Thanks.

60 Minutes online lesson: **80 euros**

120 Minutes online lesson: **140 euros**
